DEPARTED BROTHERS

Impressive Ceremonies Last Afternoon at Presbyterian Church

The Grand Lodge of the Benevolent and Protective Order of Elks had set aside yesterday as Memorial Day. In every city in the United States where there was an Elks Lodge fitting services were conducted by the local Order.

The services are not designed as an expression of sorrow so much as a commemoration of the virtues of the departed, the cardinal principle of Elksdom being "The faults of our Brothers we write on the sands, their virtues on tablets of love and memory."

It is the Lodge's one function to which the public is invited, and quite a goodly number attended the impressive services at the First Presbyterian Church last afternoon.

Maysville Lodge No. 704 has lost but two members since its institution several years ago, and in the course of his remarks Dr. John C. Molloy of the Central Presbyterian Church, who was chosen to deliver the eulogy, paid loving tribute to the memory of Milton Culbertson Russell and John Ballenger.

Exalted Ruler A. Gordon Sulser presided over the services in behalf of the Elks, who, assembling at their Home in West Front street, attended the exercises in a body.

The special music by the Church Choir and the solo of Miss Florence Hays added much to the beautiful ritualistic ceremonies.

The water supply was getting so short at Cynthiana that Mayor Lail ordered the water shut off until a good rain, leaving the people to the mercy of the wells and cisterns in the town. Many business establishments were compelled to shut down for lack of water.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. COX BUILDING.

From the Old Man Down

We sell hundreds of suits that the purchasers would never notice a slight deficiency in the fit. "We do," and do not let them go out of the house unless the fault is corrected. The aggregate cost of these alterations, many of them so slight that only the most experienced clothier can detect them, amounts to several hundreds of dollars a year, but the satisfaction of giving our patrons perfect fitting clothes more than compensates us for this "cranky" outlay. Besides, "it pays." Our customers feel themselves safe in our hands, knowing their interest is looked to as well as ours.

Special Low Prices Will Rule During This Month.

STERLING FURS.

We draw strict lines in certain kinds of merchandise where deception is easy and common. Furs are on the list. The market is full of disreputable furs. MRS. DR. DOWIE will likely give Elizabeth-town a wide berth during her Southern tour.

THE Louisville Herald says the Ninth District will in Judge BENNETT have one of the best Representatives ever sent to Congress by Kentucky—a man of ability, integrity, candor and courage.

MR. WATSON is out with a prediction that MR. BRYAN will be nominated in 1908 on a "Cleveland-Belmont-Hill-Gorman platform" and be beaten worse than ever. The discussion—and the advertising—between the Great Defeated of Georgia and the ditto of Nebraska may yet furnish some amusement to the public.

UREY WOODSON, Secretary of the Democratic National Committee, in an editorial in The Owensboro Messenger, declares that the nomination of PARKER for the Presidency was the most stupendous mistake the Democratic party has made since 1872. Mr. Woodson was one of the original PARKER men in the United States and had charge of PARKER's campaign in Kentucky before the State Convention.

Estimates by Secretary WALTER B. STEVENS of the World's Fair place the total attendance during the seven months of the Fair at 18,800,000. The Exposition company spent \$22,000,000; states and territories expended \$9,500,000. Gate receipts and concessions will total \$10,000,000. A small surplus will be left stockholders after all accounts are paid. The record month was September with an attendance of 3,651,873.

"GENERAL" JACOB S. COXEY of Massillon, O., who led an army of unemployed across the country in 1893-4 to protest against the scarcity of money in circulation, this week filed a bankruptcy petition in the United States Court in Cincinnati.

THIRTEEN deaths have resulted from football this season. The casualty list is the same as last year, but the number of serious injuries during the season just closed will exceed that of any year since the introduction of the modern college sport. The players injured number 296. This is the innocent game that is indorsed by the Christian Presidents of Colleges who would faint if you should mention the word "prize-fight."

Political Pickings

WHY HE WON.

New York World, Democratic.

The Democratic party was routed because it was "conservative," says Mr. Bryan. The "army of office-holders" and the Trusts were against it, affirms Judge Parker. Plutocracy is in the saddle again, proclaims Colonel Watterson. Peace! Peace! Why not accept the obvious fact?

In its first open letter to the President The World said—

"The paramount issue in this campaign is not, as you would have it, Free Trade or Free Silver, but YOU yourself—Theodore Roosevelt.

"The issue is forced upon the country by your unusual temperament and talents—your own strong, able, ambitious, resourceful, militant, passionate personality, your versatile and surprising genius."

This was the issue. Mr. Roosevelt carried all the Eastern states, all the Northern states, all the Western states and some of the Southern states because the people admire just the sort of personality that The World ascribed to him.

When a candidate for President like Theodore Roosevelt has carried thirty-three out of forty-five states, has won 343 out of a possible 476 votes in the Electoral College and has a popular plurality approaching 2,000,000, it is wasting good lung power to talk about conservatism or plutocracy or free trade or imperialism or anything else.

Mr. Roosevelt has swept the country because his personality appealed with irresistible force to the imagination of the American people. So what's the good of holding an inquest and making a pretense of taking testimony?

DYSPEPSIA

"Having taken your wonderful 'Cascarets' for three months and being entirely cured of stomach catarrh and dyspepsia, I think a word of praise is due to 'Cascarets' for their wonderful composition. I have taken numerous other so-called remedies but without avail and I find that Cascarets relieve more in a day than all the others I have taken would in a year."

Grip Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds, which speedily developed into the worst kind of la grippe with all its miserable symptoms," says Mr. J. S. Eggleston of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a dose of Chamberlain's Stomach and Liver Tablets. His liberal use soon completely knocked the grip. These Tablets promote a healthy action of the bowels, liver and kidneys, which is beneficial when the eyes are attacked by the grippe."

ASKS DAMAGES

Suit for \$12,000 Filed at Lexington by Rev. E. G. B. Mann

The Rev. E. G. B. Mann, Presiding Elder of the Lexington District of the Methodist Episcopal Church, and a former resident of this city, has entered suit in the Fayette Circuit Court against the Lexington Railway Company for \$12,000 damages.

The petition alleges that the plaintiff was a passenger on one of the defendant company's cars in January, 1904, and that while attempting to alight at the corner of Main and Mill streets he was thrown violently to the ground sustaining a fractured ankle.

He alleges that the accident was due to the carelessness and negligence of the employees of the Railway Company.

The men of eighty-five and ninety years of age are not the rotund, well-fed, but thin, spare men who live on a slender diet. The Sprague, W. W. O'Neil, J. B. Finley, John A. Wood, Harry Brown, Joe B. Williams will tow coal from Louisville South as heretofore when their services will not be required to tow coal between Louisville and Pittsburgh for the big coal combine.

In the past year the steam power for towing on the Mississippi has been increased to such a capacity that the big steamers, such as the Boar, Raymond Horner, Defender, W. W. O'Neil, J. A. Wood and a number of others of that class will travel the river from Pittsburgh to Louisville and return. In the past the big boats have taken a great tow down the river on the first rise and did not return for months. Now the river coal company will operate them between Pittsburgh and Louisville and send the tows further South with other boats.

THE LEDGER leads in all, and is the favorite paper of the people.

AN AGED PHYSICIAN

After Years of Experience Gave the
Following Advice.

"If you have anything to do with medicines
at all be pretty sure you know what you are
taking."

Our local druggist, John C. Pecor, says this
is a strong point in favor of their valuable cod
liver oil preparation, Vinol. It is not a patent
medicine, and everything it contains is plainly
printed on the bottle.

Vinol contains in a highly concentrated form
all of the medicinal elements of cod liver oil,
actually taken from fresh cods' livers, but with-
out a drop of oil or grease to nauseate and up-
set the stomach. This is the reason that Vinol
accomplishes such wonderful results in curing
chronic coughs, colds, bronchial and lung
troubles, and there is nothing known to medi-
cine that will so quickly build up the run down,
overworked, tired and debilitated, or give
strength and renewed vitality to the aged, as
Vinol.

Mrs. Martha Fraser of Portland, Me., writes
"I was all run down from overwork and had
a chronic cough for years. I had tried so many
remedies without help that I had lost all faith
in medicine and was discouraged. My daughter
bought me a bottle of Vinol. It simply worked
wonders for me; it cured my cough and brought
back health and strength, and I am better than
I have been for years. I cannot say enough in
praise of this wonderful cod liver oil prepa-
ration."

We can only ask every one in Maysville who
needs such a medicine to try Vinol on our guar-
antee to return their money if they don't think
it did them any good—that is fair, is it not?—
you can't lose on such a proposition. John C.
PECOR, Druggist.

Small, but welcome relief, was the rain which
fell throughout this section Saturday. The
drouth was the worst Kentucky has experienced
in years.

THAT'S THE LEDGER.

The Rev. T. DeWitt Talmage says—
"A newspaper whose columns over-
flow with the advertisements of busi-
ness men has more influence in at-
tracting attention to and building up a
city or town than any other agency
that can be employed. People go where
there is business. Capital and labor
will locate where there is enterprising
community. No power on earth is so
strong to build up a town as newspa-
pers well patronized, and this power
should be appreciated."
